Presentation to Select Board and Road Agent

Paul discussed the different road classes. David L. presented the 9 section structure of the report and the four major maps. Chris presented the structure of each individual road report. Discussed with Richard and Carl the plan to have the report available on line (probably on the Library website) and have a minimal number of hard copies. Would like to get the present draft of the maps printed ASAP. Carl will put Paul on the 8/13 Selectboard agenda to request funds for printing maps.
