- Friends Report - Kathy -

Discussion Points

- Question to discuss from Pam Bator: Good Morning, Linda! I have a quick question about a W9 for a grant that Emaline (maybe Karen) wrote - it's so they will release the funds. I don't know enough about federal documents, but I THINK a w9 comes from an employer. Yet the 501c3 was the Friends. Do I generate a w9, does Kathy, or does the town? - just a good question to ask before both of our meetings this week!
- Question to consider from Mo - "Could we bring up moving our meetings to any other day besides Wednesdays?" - She is considering a job that would take her into our meeting time.
- Did we get quote on glass?

- Did Liz's concerns get addressed?
- We have noticed that the home security tower set up downstairs is a yellow/green color instead of a teal blue color. It is also alerting us every 45-90 seconds with a 3 note tone - we can hear the sound throughout the original part of the library even though the tower is downstairs. We tried unplugging and plugging back in but that did not work. We do not have access to the system so we need your help to rectify the situation. We also wanted to check in on the status of removing the latex paint from the door handle as latex allergies for patrons are a serious concern.
- New Chair discussion
