

Town of Dublin Energy Committee Site Visits

Wednesday, July 29, 2026

3:30 pm, Dublin Highway Barn, followed by Dublin Transfer Station

In attendance: Energy Committee members Jack Munn and Susan Peters (Select Board), Greg Blake (South Pack Solar), Zach Haithcock (603 Solar), and Frank Richter (Clean Energy NH).

Site visits at Dublin Highway Barn and Transfer Station properties to consider their suitability for one or more possible municipal solar arrays. The focus was on the orientation of the building roofs together with some consideration of possible ground solar array siting. Additional research is needed, including electricity usage at the sites, roof age, and more detailed study of solar orientation and suitable sizing.

The site visits were adjourned at 4:25 pm.

Respectfully submitted,
Susan W. Peters
