

MEETING MINUTES
Hebron Common Landscaping Committee

MEETING DATE: June 11, 2026

TIME: 4:30-5:25pmpm

PRESENT: Fred Kohout (Chair), Steve Aprea, and Barbara Kohout, (Sec)

ABSENT: Sherry Cory, Paul Falzarano, Jane Thompson and Pauline Nadeau

Review: No Minutes to review;

We met outside on the Common to review and complete workday projects.

Steve and Fred installed the Flagpole lights with sensors to illuminate the Granite 5-Point Star at the base. This area surrounding the granite was also checked for new grass which was found to grow well.

The area at the end of the parking lot was raked and new grass seed was planted and watered. This area will need attention for watering over the next few weeks. The new Lilac trees were also watered and Viburnums and Forsythia shrubs trimmed. The Library Gardens have also been Checked and watered often.

A time to complete hose project has not yet been determined.

The Bocce Court was sprayed with vinegar, soap and salt to manage weed growth; larger weeds were pulled and court raked. The Court is ready for games! The last two weeks were cancelled due to the extreme heat!

A few days before our Common work meeting, Jane Thompson and I spent a great deal of time managing Hydrangeas infestations by the Leafminer caterpillar and moth. The caterpillar forms a closed sac at the ends of the branches. We spent time pinching them and then opening up the leaves to re-expose the buds. Earlier prevention in the early spring is recommended by spraying with Neem Oil to prevent this type of infestation. For more information go [HERE](#) for an explanation.

July 2026 Newsletter – by Barbara and Fred Kohout

Next Committee Meeting: Agenda changed to only Common Workdays to be scheduled before America 250 on July 4th, and before the Hebron Fair, July 25th. No formal committee meeting will be held for July 2026.

Respectfully submitted,
Barbara Kohout, Secretary
