14.	**Meetings:** • Colebrook School Board Meeting Tuesday, October 6, 2026 @ 6:00 pm CAES Library
15.	**Adjournment**

North Point CTE School Board Report

We are off to a **great start at North Point CTE!** It has been an exciting beginning to the school year, and we are already seeing strong momentum across our programs.

Our **Health Science and Automotive students are getting settled into their new locations**, and both teachers are working hard to establish routines, build relationships, and create meaningful plans for student progress. We are excited about the opportunities these programs will provide for students throughout the year and look forward to seeing their continued growth.

We are also gearing up for the **Career Expo in Lancaster on Tuesday, September 15**. This will be a valuable opportunity for our students to connect with local employers, learn about career pathways, and begin building relationships with businesses and organizations in our region.

In addition to these events, we are actively **searching for additional grant opportunities** that will allow us to expand the experiences we can offer our students. Our goal is to provide more hands-on learning opportunities, career explorations, and experiences that connect classroom learning to real-world careers.

Overall, we are very excited about the year ahead at North Point CTE. We are focused on continuing to build strong programs, connect students with our community, and provide experiences that help students see the many possibilities available to them after high school.
